ABSTRACT:

Man considers. Man has to consider. Man is bound to consider. Thus man willy-nilly considers from cradle to grave. Similarly, man is considered. He gets consideration from others. Thus it is not a one-sided game. Rather it is a bi-partite issue. A wise knows it, seldom a fool. As such when a wise considers someone, he never boasts of for the same. The learned knows that man, being a social being, cannot live alone, rather independently dependant on each other.

KEYWORDS:

CONSIDER, THINK CAREFULLY, ALLOW, ATTENTIVELY.

INTRODUCTION

Creative writing is based more on manifestation rather than on expression. It does not inform rather reveals, so this style of writing bears no reference. The best creative writing is critical, and the best critical writing is creative. The present article is the outcome of creative writing meant for lay readers. As such free style is the methodology adopted so that pleasure of reading can be enjoyed by the common mass. As you may know Francis Bacon (1561-1626), the immortal essayist, wrote many essays and notably, "Of Love", "Of Friendship", "Of Ambition", "Of Studies", etc. The myriad-minded genius rightly pointed out that all the words of the dictionary can be the themes of essays one can write. But little has been done, in this regard since his death, in order to finish his unfinished monumental works. In fact Bacon's way of presentation i.e., his unique style kindled the imagination already in me and encouraged me as well to write essays, in the light of creative writing, thus to get relief through Catharsis.

Time is an important consideration in this case. Several

considerations have influenced my decision. He has never shown much consideration for his wife's needs. The papers did not print the story out of consideration for the bereaved family's feelings. I will do it for you for a small consideration of \$50. The judge said the prisoner's age was an important consideration.

A wise considers. A fool does not consider. A fool cannot consider. In fact a fool knows not how to consider due lack of knowledge. He is so mean. He is so cursed. Man experiences consideration infinite times from cradle to grave. Thus he is blessed with consideration in every sphere of life.

Consideration is omnipresent. Man experiences it in its various form and features from cradle to grave.

We have considered your application carefully, but cannot offer you the job. A carefully considered decision or statement or proposal is of great importance. Consider somebody for a job/as a candidate. Have you considered how to get there? We are considering going to

Canada i.e. we may go there. We consider that you are not to blame. We consider this to be very important. Consider yourself lucky you were not fired! Do you consider it wise to interfere? The painting was once considered worthless, but it now turns out to be very valuable. He will be considered a weak leader. He is generally considered to have the finest tenor voice in the country. One must consider the feelings of other people. In judging him you should consider his youth. He stood considering the painting for some minutes. I requested him to consider my suggestion. He considered her every wish. He considers himself very strong.

Someone considers. Someone considers not. Both are personality trait. The former is optimist. He is positive in nature. He is benefactor of mankind. He has knowledge regarding reality. So he considers other man's problem as his own. It manifests the solvency of his soul and prudence

as well. The second category is pessimist in nature. He declines thereby enjoys sadistic pleasure. He is a threat to his neighbour. Perhaps unguarded childhood coupled with unshaded infancy offered him such a unique characteristic. He is not responsible for the badness of his character. Rather society is singularly liable for his pathetic life. But the paradox is that everybody hates him. None counts it. None considers him. Nobody laughs for him. Rather everybody laughs at him. Thus he mourns.

Man considers. Man has to consider. Man is bound to consider. Thus man willy-nilly considers from cradle to grave. Similarly, man is considered. He gets consideration from others. Thus it is not a one-sided game. Rather it is a bi-partite issue. A wise knows it, seldom a fool. As such when a wise considers someone, he never boasts of for the same. The learned knows that man, being a social being, cannot live alone, rather independently dependant on each other.

CONCLUSION

Love at first sight is the manifestation of consideration of an innocent heart. An experienced person does not consider the beckon of fiancée. Thus a fool gets the warm feeling of love.

And the wise remains deprived from the romance of fiancée not considering the mundane touch. Here lies the uniqueness of consideration.
